

POLICIES FOR TEAM CHEERLEADERS

Congratulations on the success of your school's football team and its section championship! It is an exciting time for your school and community as you prepare for your trip to the Minnesota State High School League State Football Tournament at U.S. Bank Stadium. We encourage you to enjoy this memorable opportunity and privilege.

The Minnesota State High School League has asked **Rachel Kienitz** to serve as the supervisor of cheer teams during the tournament at U.S. Bank Stadium. She will be present at the tournament to answer any questions that may arise during the tournament. Additionally, she will be ensuring all cheer teams are adhering to the cheerleading safety rules.

We want this to be a safe and positive experience for you and your cheerleaders. The following information should be helpful:

1. You may bring as many cheerleaders as "were regularly rostered to the varsity football cheer team during the season, plus one mascot and one coach." Coaches will need to go with their cheer team anytime they are on the field level. That includes meeting with us prior to going onto the field for a safety brief, and the entire time they are in the 'tunnel' area. If you are not able to attend, another school appointed adult must fulfill your responsibilities. **If your team is stunting, there must be a coach with the proper certifications directly supervising your team from the field.**
2. Minnesota high school cheer teams must follow the rules found in the current edition of the *National Federation Spirit Rules Book*. This rules book and the corrections sheet were discussed at the rules meeting you were needed to attend sponsored by the MSHSL. If you are not familiar with the rules book or do not have the corrections or the MSHSL cheerleading policy, ask your athletic director for help in obtaining them.
3. As a brief reminder here are some of the most often violated general safety rules in pages 14-19 of the 2023-24 NFHS Spirit Rules Book.
 - a. **Fingernails** (natural or artificial) can be a safety hazard. Nails must be at an appropriate length (which is **short, near the end of the fingers**) to minimize risk for the participants. (Page 13, rule 2-1-4)
 - b. Hair must be worn in a manner to minimize risk to the participant. The MSHSL interpretation of this rule is, "to minimize risk during stunting or tumbling, hair must be tied back from the face and off the shoulders by all members of a stunting team." In other words, a ponytail or braid and secured on the sides. (Page 13, rule 2-1-5 and page 15, hair situations)
 - c. Cheerleaders must remove **ALL** jewelry. Putting tape over piercing is not allowed. (Page 17, rule 3-1-1 and Page 17-18, situations).
 - d. Apparel and accessories must be appropriate for the activity involved to minimize risk to the participants. Cheer team members must wear athletic shoes (not gymnastics slippers. (Page 17, rule 3-1-2).
 - e. In recent years glitter has become prevalent in cosmetics and lotions. Glitter that does not readily adhere ... is illegal. (Page 18, rule 3-1-5 and page 18, situation)
4. There will be an Athletic Trainer on site for all games. If necessary, you will be directed there.

Good Luck and we look forward to seeing you!
