Seeding Policy
According to MSHSL policy, seeding for sub-section and/or section tournaments at the discretion of the Region Committee the Section must adopt one of the following seeding systems. With either Face to Face or Electronic, there should be criteria established by which coaches are to rank the teams. Input is needed from sub-section/section coaches and athletic directors to determine which method of seeding will be used.
**Face to face**: Coaches meet at one location, share information and vote on the placement. This may be used when schools are located in close proximity to each other. When seeding face to face it is highly recommended that if the coaches vote, the high and the low is thrown out, and that the vote is shared with all other coaches. If there is a tie, the first tie breaker is Head to Head competition. If that does not break the tie, the ranking that the tied schools gave each other is dropped. If the tie is not broken coin flip is used to break the tie.

**Electronic**: Coaches contact a meeting via conference call where they share information about their teams -- or that information is shared electronically. Coaches then vote electronically by using the same system as used by the MSHSL for State Tournaments. Each coach ranks all of the schools in the section or sub-section, except their own. One high score and one low score is thrown out.

**EXCEPTION: 7 schools or fewer will not throw out the high and low score** Points are totaled and the lowest point total is the high seed, etc. If there is a tie, the first tie breaker is Head to Head competition. If that does not break the tie, the ranking that the tied schools gave each other is dropped. If the tie is not broken coin flip is used to break the tie. All rankings are shared so that all coaches can see how each school seeded each of the other schools.

**Point System**: If a point system is used, the MSHSL point system using a new and revised QRF system must be used. The rankings can be found on a link on the MSHSL webpage and can also be found at [www.Minnesota-scores.net](http://www.Minnesota-scores.net). This point system will give a school points for victories based on the size of school of the opponent and the season record of the opponent. The specific formula used is not public knowledge, as it is patented. No points are calculated by the section coordinator.

**TOURNAMENT PROGRAMS**

Site managers/coordinators will be responsible for providing game program covers. Programs should be prepared at the host site. Expenses for commercial printing will not be allowed unless previous approval is granted by the committee.

**PRECINCT CAUCUS DAY**

Postponements of Sub-Section and Section Tournament competition

A decision to postpone a Sub-Section and/or a Section Team Tournament contest due to weather conditions, or other unusual circumstances will be as follows:

Postponement decisions will be made by 1:30 p.m. at the latest. If some contests can be played, they will be played even if the entire section or sub-section cannot play.

Postponed contests will be re-scheduled on the next possible date. (Basketball would be the day following the scheduled event which means some games would need to be played on a Wednesday.)

Exceptions may be made for spring sports when there are more days between contests. The make-up date will be the following day unless approved differently by the coordinator/site manager and the executive secretary.

Postponed games are not to be considered a forfeit and the schools must reschedule the event.
