ATHLETIC ACTIVITIES - Member schools will be reimbursed $300.00 for expenses when the section meet is held out of the Twin Cities area (over 100 miles).
VIII. STRIKE POLICY

The committee passed the following resolution as it considered the potential forfeiture of Region or Section contest due to school district strikes. (2/17/88)

RESOLVE: In Region and Section Tournaments, a school forfeiting a contest, for whatever reason, will be assessed a fair portion of costs incurred for that activity.

IX. PASSES

Region 4AA will issue 20 administrative passes per member schools. Schools that compete in Region 4AA administered tournaments will be allowed to place 10 names on a pass list for each tournament. These names must be sent to the host school by no later than 5:00 the day before the scheduled contest.

X. STATE TOURNAMENT TICKETS

The Region will purchase state tournament tickets for committee members. Members are to reimburse the Region for the cost of the tickets.

XI. INCLEMENT WEATHER/UNPLAYABLE SITE

AT ISSUE: School “A” is host to a Section game. Their site is unplayable, and NO make-up date is available.

OPTIONS:

(A) School “A” relinquishes home site to School “B” (opponent). This assumes School “B” site is playable. If neither School “A” nor School “B” sites are playable, the Section manager will work with School “A” to find a site.

(B) To maintain “home” advantage, School “A” may secure another site for play but is responsible for cost associated with rental fees.

1. TOURNAMENT SITES

Tournament sites must be in accordance with Region 4AA Policy/Guidelines.

Example: Fields-The site must be a permanently enclosed fenced field, arena, or gymnasium with a sufficient number of bleachers to accommodate the crowd from both the home and visiting teams; the site shall facilitate the charging of admission; the site is lighted, if necessary, to host a game.

If a potential host school does not meet the criteria and the opponent does, the lower ranked team will host if it meets standards. If neither team meets the criteria, the game will be played at a neutral site.

Should a tournament high seed be unable or unwilling to host a game, the lower seed in that pairing will have the opportunity to host. If both teams are unable or unwilling to host, the two teams will decide to play at a neutral site and will be responsible for all costs associated with running the event.
APPLICABLE MSHSL POLICIES

ADMINISTRATIVE REGION COMMITTEES
The term, “Administrative Region,” is used to denote a geographic organization of schools for administrative purposes, i.e., select Region Committee members, select Representative Assembly members, select Board of Directors representatives and administer tournaments assigned by the Board of Directors.

The Region Committee is identified by constitution to perform the administrative and tournament management functions required for the member schools assigned to geographic areas of the state.

The Region Committee shall be responsible for the immediate and general supervision of the region events assigned by the Board of Directors. Power to determine eligibility, to interpret eligibility bylaws, to penalize schools for bylaw infractions, and/or to present a tournament different from the policy established by the Board of Directors is not and shall not be within the authority of the Region Committee (Constitution 209.00)

Specific responsibilities of the Region Committee include:
- Appoints a region/section tournament management committee for each activity to administer tournaments as assigned by the Board of Directors.
- Receives input from section/region advisory committees regarding tournament formats.
- Other advisory duties set forth in the Constitution and/or assigned by the Board of Directors.

ADMINISTRATIVE REGION INFORMATION

Relationship to the Minnesota State High School League
Administrative Regions and all other sub-divisions of the League are an extension of the MSHSL and subject to the provisions of the constitution, bylaws, policies and decisions of the MSHSL Board of Directors.

Target Coordinator
Each region may establish a fee for the Target coordinator. The fee will be determined by each individual region.

Voting of Section Committees - (when crossing section lines)
Where there is a crossing of administrative region lines for section activities each school participating in that section is entitled to a vote and must be invited to the activity meeting conducted by the administrative region that has the largest number of member schools in that activity.

ADVERTISING GUIDELINES
For the purpose of selling advertising space in sub-section/section tournament programs the following guidelines are recommended:

1. The Region must approve all advertising before it is printed in any sub-section or section tournament program.

2. Any and all advertisement or advertising contents that’s deemed as discriminatory or inconsistent with MSHSL principles shall be rejected.

3. The editorial/advertisement ratio for any and all tournament programs shall be a maximum of 70 percent editorial copy and 30 percent paid advertisement.

4. The Region shall approve the advertising rates prior to the production of the rate card and/or media kit. The Region should also approve any changes in the rate structure.
5. Advertising space shall not be sold to:
   • companies that sell, produce, or distribute alcoholic beverages
   • tobacco companies
   • sellers or producers of drug paraphernalia
   • gambling organizations, establishments, or lottery games
   • sellers of products or services competitive to the League
   • companies that will use the MSHSL name or logo with patent medicines, political parties/issues, religion/religious societies or groups
   • colleges and universities

6. If advertising space is sold to a company whose products or services are used by participants, the advertisement must include the following statement: "This ad prepared and paid for by Company X".

7. Combination businesses, such as restaurants, or hotels, which dispense alcoholic beverages in a capacity secondary to its primary purpose, may advertise in tournament programs, however, no part of the advertising message may refer to the sale of alcoholic beverages, or to a bar, cocktail lounge or other facility dispensing alcoholic beverages.

8. Advertisements having the appearance of editorial material must have the word “advertisement” printed above the copy.

Other Points of Information:
   • Cover positions should be sold at a premium price.
   • Establish a system to process claims for adjustments due to errors or omissions of an advertisement (e.g. re-run advertisement; refund, etc.,)
   • Establish publication specifications and a process for submitting advertising copy/art.
   • Require the use of an advertising contract, which will serve as a record of sales and payments.

ANNOUNCEMENTS AT TOURNAMENT GAMES (6/11/12)
The League has adopted a policy that prohibits schools from reading special announcements at MSHSL sponsored tournaments.

AWARDS
It will be a violation of League policy for a Region, member school or a representative of a member school to establish, distribute or accept any awards not provided by the MSHSL for region or state tournaments. (11/3/77)

Students
Certificates will be awarded to student participants only in all state tournaments. This establishes a uniform procedure for all activities. All students who are qualifiers as an individual or a member of official squad will receive certificates. (11/3/77)

Coaches
All Category I and Category II team coaches will be awarded a Coaches Certificate. The Coaches Certificate will be different from the certificate awarded to the student participants. The number of coaches to receive the certificate will be determined by the official squad designation. (12/7/79)

Region Committee Fund Balance for the Beginning of each Fiscal Year
A. Each Region Committee will maintain a 20% balance of the annual budget as the maximum fund balance to begin each fiscal year for the maintenance of cash flow needs and to meet uncertainties of income from tournament receipts.
B. If more than 20% of an annual budget exists at the end of a fiscal year, prior to the distribution of any expenses to member schools of the Region, the Region Committee will determine how said excess funds are to be distributed to the schools who participated in said administration region during the year in which the excess funds were generated. If a Region Committee votes to establish a Reserve Account for future expenditures rather than send a reimbursement check to the member schools of the Region, the Committee shall make such a request in writing to the League’s Board of Directors.
C. If less than 20% of an annual budget exists at the end of a fiscal year, prior to the distribution of any funds to member schools of the Region, the Region Committee will determine the fee for each school that participated in the Region during the year in which the expenses were incurred in order to increase the fund balance to 20% of the annual budget for the new fiscal year. (i.e. annual budget = $300,000; fund balance = $50,000; number of schools in Administration Region) = 12; therefore, $60,000 (20% of annual budget) - $50,000 (fund balance) = $10,000 \div 12 \text{ (number of schools in the Administrative Region)} = $833.00 to be paid by each school to the Region to reach 20% of the annual budget in order to maintain cash flow need and the uncertainties of income from tournament receipts.

REALIGNMENT (1/10/91)

**REGION CONSISTENCY** (04/7/11; revised July 2012)

**Forfeiture Policy - Before Seeding/After Seeding**

When a team has to forfeit one or more games the seeding for the section tournament must be done as described below. There are four possible scenarios which would have an impact.

*Note: When possible seeding should be based on tournament team strength*

1. A team forfeits regular season games before seeding takes place.
2. A team forfeits regular season games after seeding takes place.
3. A team forfeits the right to participate in the tournament after seeding takes place; or a team is added to the tournament after seeding takes place.
4. A team is added to the tournament after seeding takes place.
5. A significant number of players are declared ineligible for the tournament after seeding takes place.

#1 - If seeding is on a point basis, a meeting of the head coaches is required to rate teams based on tournament team strength. This meeting could be face to face or done via a conference call or web meeting.

#2 - No change in seeds due to game planning factors such as dates; locations; transportation; officials; film exchange, etc

#3 - The tournament manager will assign new seeds by deleting the team that forfeits and adjusting other seeds accordingly. i.e. #1 will receive a bye in an 8-team tournament and teams move up.

#4 – The tournament manager will assign the new team to a seed based on point system (if used) or the Team’s season record in comparison to the other teams if there is not a point system. The other seeds are adjusted accordingly, and the schedule and sites are changed based on the new seedings.

#5 - No change in seeds since this situation could be very similar to teams with many injured and/or ill players. The team will play according to their original seed.

**Seeding Policy**

When seeding for section tournaments at the discretion of the Region Committee the Section must adopt one of the following seeding systems. With either Face-to-Face or Electronic, there should be criteria established by which coaches are to rank the teams.

**Face-to-face**: Coaches meet at one location, share information and vote on the placement. This may be used when schools are located in close proximity to each other. When seeding face-to-face it is highly recommended that if the coaches vote, one high score and one low score for each team is not counted. If there is a tie, the first tie breaker is head to head competition. If that does not break the tie, the ranking that the tied schools gave each other is dropped. If the tie is not broken a coin flip is used to break the tie. All rankings are shared so that all coaches can see how each school seeded each of the other schools.

**Electronic**: Coaches contact a meeting via conference call where they share information about their teams or that information is shared electronically. Coaches then vote electronically by using the same system as used by the MSHSL for State Tournaments. Each coach ranks all of the schools in the section or sub-section, except their own. One high score and one low score for each team is not counted. Points are totaled, and the lowest point total is the high seed, etc. If there is a tie, the first tie breaker is Head to Head competition. If that does not break the tie, the ranking that the tied schools gave each other is dropped. If the tie is not broken a coin flip is used to break the tie. All rankings are shared so that all coaches can see how each school seeded each of the other schools.
Point System: All seeding shall be conducted by the MSHSL point system. This point system will give a school points for victories based on the size of school of the opponent and the season record of the opponent using the QRF System. If there is a tie, the first tie breaker is head to head competition. If still tied, the next tie breaker is overall record, followed by section winning percentage (if at least 25% of the teams’ competitions are against section opponents); followed by QRF points. If still tied, a coin flip is used to break the tie.

Rental Fee Policy When Hosting Section Events

1. No rental fee can be charged for a school owned facility and that team is participating.
   - Custodial fees may be paid to cover the expense of overtime.
   - Reimbursements allowed for materials and supplies:
     - Football and Soccer - $100 or actual cost (whichever is higher)
     - Baseball and Softball - $50 or actual cost (whichever is higher)

2. A rental fee of up to $200 may be charged if the facility is a neutral site (the team who uses this as their home site is not participating). The fees listed above may also be reimbursed.

3. The actual rental fee and other expenses may be paid to non-school owned facilities such as hockey arenas or swimming facilities.

4. Other documented expenses may be approved at the discretion of the Region Committee.

SALE OF ITEMS AT SUB-SECTION, SECTION AND STATE TOURNAMENT SITES (8/9/05, 6/11/07)

Only items offered by and through MSHSL approved vendors may be sold at sub-section, section and state tournament venues unless otherwise negotiated by the League’s Board of Directors. Permission to sell these items must be obtained from the League office prior to the event.

The host site for a sub-section, section or state tournament has the rights to food concessions. When a sub-section, section or state tournament event is held at a high school site, that school may also sell the merchandise items (shirts, hats, sweatshirts, etc.) that were sold during the regular season.

SECTION TOURNAMENTS

Section tournaments shall be conducted by the Administrative Region Committee which has the largest number of schools in that competitive section. The Region Committee or their designee shall assume leadership in calling meetings, etc. The section committee should be representative of all member schools assigned to that competitive section. (6/15/77)

TELEVISION AND RADIO BROADCAST RIGHTS FOR SECTION TOURNAMENTS

The Board of Directors of the Minnesota State High School League has established the following policy regarding arrangements made by Region Committees for television and radio programming of MSHSL tournaments.

"All proposed arrangements made by Region Committees for television and radio programming shall be submitted to the Board of Directors for approval. Said approval shall be granted unless the proposed arrangements conflict with a television or radio contract signed by the Minnesota State High School League for programming MSHSL activities."

The purpose of the above policy is to provide official approval by the Board of Directors regarding the arrangements made by Region Committees for the television or radio production of section events. Approval will be granted by the Board unless the television or radio broadcasts conflict with events being conducted simultaneously by other sections or with television or radio contracts signed by the MSHSL for programming MSHSL activities. The rights fees, if any, for the television or radio broadcast of a section event would belong to the respective section or subsection schools.
Through the process of written approval, the Board of Directors, which represents the MSHSL as a corporation and is the only entity under the Statute that has contract authority under the Articles of Incorporation, would protect and support an agreement entered into by a region.

The policy, therefore, protects sections and regions under the current insurance coverage as well as in other areas of negligent happenings.

**Radio Broadcasts**
Currently the Board has made arrangements to waive the radio broadcast rights fees for any station participating in the MSHSL/Minnesota Broadcasters Association agreement. The MBA will provide a list of participating stations for us to forward to you. Written approval is not necessary for these stations. Therefore, the radio rights fees would be applicable only to those radio stations not included on the attached list.

**Television Broadcasts (Commercial and Cable)**
All arrangements for television at the subsection or section levels must be submitted in writing to the Board of Directors for approval in advance of the proposed coverage. The rights fees for commercial or cable coverage are at the discretion of the region committees.

It is understood that this places another step in the process for the management of subsection and section events. However, it becomes necessary if regions and sections are to function under the Articles of Incorporation and the Constitution of the Minnesota State High School League.

**Media Policy**
PLEASE NOTE THE FOLLOWING POLICY ADOPTED BY THE BOARD OF DIRECTORS ON AUGUST 10, 1993.

**Language for the Media Policy Manual**
Television, radio, print and/or other media may not use or allow to be used, during the live presentation of the activity, rebroadcast thereof, or any printed accounts of the activity, any commercial nor may any of the broadcasters or writers refer to or use words that imply a sponsorship of any tournament under the jurisdiction and control of the Minnesota State High School League without the expressed written consent of the Minnesota State High School League.

**Board Policy**
The terms "sponsor," "sponsorship," or other like terms that imply or refer to the presentation and support of the activities under the jurisdiction and control of the Minnesota State High School League shall not be used unless expressly approved, in writing, by the Minnesota State High School League Board of Directors.

**Board Policy**
Media advertisers shall be limited to presenting their message during paid commercial time only. Any use of an advertiser's message outside of paid commercial time shall be strictly prohibited.

**TOURNAMENT ADMINISTRATION**

**Advertising in Tournament Programs**
If there is a Wells Fargo Bank in the community it should be given the first opportunity to advertise in all Region programs. Other banks may be given an opportunity to also advertise but only with permission of the League office.

**All-Tournament Teams**
All-tournament teams will not be named in any sub-section or section tournaments.

**Seeding Meetings for Activities**
Guidelines and procedures must be established by the Region Committee for seeding of activities prior to the beginning of the season. Input from sub-section coaches should be received for planning of tournaments. The final determination for seeding and the resolution of conflicts for section tournament shall be the responsibility of the Region Committee as directed by the League Board of Directors.
It shall be an ethical violation to tape another school's game, meet or contest without their permission. Further it may be a violation of the laws governing copyrights. Each school owns the copyrights to their games, meets and contests. Taping another school’s game without permission could constitute a violation of the copyright law.

During the regular season, each home school owns the copyright of their school’s contest(s). Opponents are often offered an opportunity to tape a contest for coaching purposes, but smaller and more sophisticated cameras, the development of webcast initiatives, and other similar broadcast initiatives during the regular season is prohibited.

These same policies are applicable during MSHSL Sub-Section/Section/or State Tournament games. No webcasts, delayed broadcasts, or any other type of broadcast or taping of contests is permitted without the expressed written permission by the Administrative Region responsible for conducting the post-season contest and the MSHSL office.

**Weather Conditions and Game Cancellations for Sub-Section, Section and State Tournament Games**

In the event that adverse weather conditions and school closings or delays affect sub-section, section or state tournament competitions, the following protocol shall be followed.

- **Sub-Section and Section Contests:** The sub-section or section site manager(s) or tournament manager(s) shall contact the Region Secretary responsible for the management of the contest who will, in turn, contact the school administration(s) of each participating school to review the weather conditions that exist at the time of the contest or that are forecast to exist when the contest is scheduled to be played. The Region Secretary will discuss the tournament schedule with each affected school in order to facilitate the smooth flow of the tournament.

  If either of the schools objects to the tournament schedule and if the issue cannot be resolved at the Region level, the Region Secretary shall contact the League’s Associate Director responsible for the tournament in question who will, in turn, contact the League’s Executive Director to further discuss the tournament schedule and provide direction to the Region Secretary regarding the affected tournament. When the final decision has been made by the League’s Executive Director, the Board of Directors will be contacted regarding the final decision.

- **State Tournament Contests:** If the weather conditions are such that tournament contests need to be rescheduled, the Associate Director responsible for that tournament will contact the League’s Executive Director. Following a discussion regarding the tournament contests, the Executive Director will contact the President of the League’s Board of Directors regarding that decision. When the final decision has been determined, the Executive Director will contact the full Board of Directors regarding the tournament format, and the Associate Director for the tournament will contact the participating schools. The League’s Director of Information will contact the news media regarding any schedule changes in the state tournament.
