Physical contact between a player and an official or a coach and an official:
Physical contact between a coach and an official or between a player and an official that results from disrespectful and/or un sporting behavior will not be tolerated. When the incident is determined to be an assault as defined in Bylaw 202, the process outlined in that bylaw will be followed. When the incident does not rise to the level of assault, the guilty party or parties will be suspended, as a minimum, from the next two consecutive varsity, interscholastic contests or two weeks (14 calendar days), whichever is greater. This penalty will be imposed during the season in which the offense occurs, when possible. The portion of the penalty that cannot be served during the current season will carry over to the next season in which the guilty party or parties play, coach or officiate. BYLAW 205.00 INTERPRETATIONS – CATEGORIES OF ACTIVITIES

1. Q. Why are the League-sponsored activities divided into two categories?
   A. The structure of each activity determines the consequences for bylaws violations:
   Category I: all athletic activities and those speech and debate activities WHICH HAVE A REGULAR SEASON of interscholastic contests prior to the League-sponsored tournament.
   Category II: those music and speech activities WHICH HAVE NO REGULAR SEASON of interscholastic contests prior to the League-sponsored tournaments.

2. Q. What is the basic difference between Category I and II bylaws?
   A. In Category I, a standard statewide penalty is prescribed, and in Category II, each member school shall prescribe the penalties which it will apply in those fine arts activities.

3. Q. Can a member school change the standard penalties prescribed for the Category I activities?
   A. The League requires its member schools to adopt the bylaws as stated however, a school may adopt other local policies, provided the prescribed penalties are NOT LESSENED, i.e., the school could not change the penalty for the first violation to be less than loss of eligibility for the next two consecutive interscholastic contests or two weeks, or the next six contests for the second violation, etc.

4. Q. Do the statewide bylaws cover the summer vacation period?
   A. Yes. The League’s bylaws apply year-round.

5. Q. For Category II, is a member school required to develop and apply penalties to students who participate in music and speech?
   A. Yes. The basic bylaw for participants in all League-sponsored activities is that they shall not use mood-altering chemicals. Under their local bylaws, the school can elect to include a variety of locally sponsored activities as well as League-sponsored events for fine arts.

6. Q. Can consequences for Category II activities be applied to Category I activities?
   A. No. A student must meet the consequences of both Categories.

7. Q. How does a student who participates in two activities serve a chemical penalty/suspension?
   A. The suspension is served in the activity which takes the longest to complete the chemical suspension.

8. Q. Can an injured student or an otherwise ineligible student serve a penalty or suspension for a violation of Bylaw 205—Chemical Eligibility?
   A. No. The student must meet all other eligibility requirements and must be participating in practice in order to serve the penalty or suspension for a violation of Bylaw 205.

9. Q. Can an academically ineligible student serve a penalty or suspension for a violation of Bylaw 205—Chemical Eligibility?
   A. No. A student who is not academically eligible to participate in a contest cannot serve a penalty or suspension for aviolation of Bylaw 205.

10. Q. Can a student who is suspended from school count the out of school suspension days toward a penalty or suspension for a violation of Bylaw 205—Chemical Eligibility?
    A. No. The student must meet the school’s student code of conduct requirements and the requirements of MSHSL Bylaw 206—Good Standing, in order to serve the penalty or suspension for a violation of Bylaw 205.

BYLAW 205.00 INTERPRETATIONS – FIRST VIOLATION IN A STUDENT’S CAREER

11. Q. The penalty for the first violation requires that: “A student shall lose eligibility for the next two consecutive interscholastic contests or two weeks of a season in which the student is a participant, whichever is greater.” When do you begin counting the weeks?
    A. If currently participating, you start counting the weeks the day the violation has been confirmed. Otherwise, the student serves the penalty the next time they participate.

12. Q. For the first violation, could some athletes miss more than two contests during the two weeks?
    A. Yes, the penalty requires a minimum loss of two contests or two weeks, whichever is greater. During the two weeks of a season, some sports schedule more than two contests and the student is ineligible for all contests scheduled during those weeks.

BYLAW 205.00 INTERPRETATIONS – SECOND, THIRD AND ADDITIONAL VIOLATION(S) IN A STUDENT’S CAREER

13. Q. A student commits a first violation by using tobacco. The student’s next offense is using alcohol. What is the penalty?
    A. It is a second violation, i.e., the first violation for use of tobacco and the second violation was for use of alcohol.
BYLAW 205.00 INTERPRETATIONS – SECOND, THIRD AND ADDITIONAL VIOLATION(S) IN A STUDENT’S CAREER (continued)

14. Q. In the 10th grade, a student uses tobacco, in the 11th grade, the student uses alcohol; and in the 12th grade, the student uses a controlled substance. What are the penalties?
A. The penalties are progressive beginning with the student’s first violation and continuing throughout the student’s high school career. The school records would indicate that the student’s first violation and loss of two contests and two weeks occurred in the 10th grade, the second violation and loss of three weeks and/or six contests occurred in the 11th grade, and the third violation and loss of four weeks and/or 12 contests occurred in the 12th grade. Penalties shall be served consecutively. (Penalties for subsequent offenses shall be served following completion of the service of the penalty for prior offenses.)

15. Q. Can an ineligible student be in uniform on the bench or sideline?
A. No.

BYLAW 205.00 INTERPRETATIONS – ASSESSMENT AND TREATMENT PROGRAMS

16. Q. Does the provision remain for students to be certified to reinstatement in League activities following their participation in a chemical treatment program?
A. Yes. The special provision for reinstatement may be applied if after a third violation, a student on her/his own volition becomes a participant in a treatment program or if a student confides in his/her coach or other faculty member and requests help to get involved in a treatment program.

17. Q. A student has not previous violations on record, but realizes she has problems with chemicals. The student is encouraged and supported by her parents to seek treatment. The student becomes part of an outpatient program. While still a member of this program, the basketball season begins. Is the student eligible?
A. The student is eligible because no specific violation was confirmed and no penalty was administered. If the student admits to a specific violation or a reported violation is confirmed, the student would be ineligible for the period prescribed for the first/second or third violation.

BYLAW 205.00 INTERPRETATIONS – CHEMICAL USE BY STUDENT PRIOR TO PARTICIPATION IN LEAGUE ACTIVITIES OR FOLLOWING A LAPSE IN PARTICIPATION

18. Q. Do Bylaw 205 suspensions expire at the end of the academic year?
A. No. The unserved suspension carries over from sport season to sport season and to each new school year until it is served.

19. Q. If a student signs an eligibility form as a 10th grader and does not participate in 11th grade, would a violation in 11th grade apply?
A. Yes. After the student signs the first eligibility form, the rules apply throughout the student’s high school career.

1. Participation on a National Team or in an Olympic Development Program: During the school year, students who participate for their school in a sport may participate through training, try-out or competition on a National Team or in a United States Olympic Development Program provided the student receives an individual invitation from either the United States National Governing Body on the national level for that sport or from the United States Olympic Committee.

A. National Team Definition: A National Team is a team selected by the national governing body (NGB) of the sport on a
national qualification basis either through a defined selective process or actual tryouts for the purpose of international competition which requires the entries to officially represent the respective nations, although it is not necessary there be team scoring by nation. Competition may be sponsored by a member school of the League at such levels as varsity, B-squad, junior varsity or sophomore.
   B. **Participation:** Membership on a team and listed on the school’s Master Eligibility List.
   C. **End of Season:**
      **Cross Reference: Bylaw 411.10.C (Definitions – End of Season)**

D. **Summer:** Summer shall be the defined as the period from the Saturday following the fourth Friday in May through Labor Day. Summer for the sport of soccer shall be defined as the day following the fourth Friday in May through the Sunday immediately prior to the official starting date of the MSHSL high school soccer season. Note: Students may participate in activities during the summer, as defined above, even though their high school sport season in the same sport has begun, i.e. students may play tennis tournaments or participate in road races through Labor Day. Soccer is excluded from dual participation as defined above.

E. **Non-School Team:** A non-school team is defined as any group of players who receive coaching, training, uniforms or equipment or who participate in a practice/meet/game/contest/trials or a tournament.

F. **Coaching, Training and Lessons:** Training shall be defined as receiving instruction in the techniques and skills of a particular sport.

G. **Spontaneous Recreation:** Spontaneous, recreational activities are not included in the definition of non-school teams. Such activities could include: school-sponsored intramural teams, high school class teams for the purpose of inter-class tournaments, parent-student recreation teams or faculty-student games.

H. **Season:** The season shall begin with the first official date practice is allowed and end with the individual’s or team’s elimination from further participation in a League tournament series.

I. **Football Practice:** Practice is defined as the period of time a participant engages in coach-supervised, school approved, sport or conditioning-related physical activity, including stretching, running, conditioning or physical training in the skills and fundamentals. Team meetings and video sessions do not count as practice for the purpose of this policy.

J. **Football Contact Practice:** Contact practice is defined as practice during which there is contact of a physical nature between players in the act of blocking and/or tackling. Contact with sleds or dummies, as well as minimum risk, close range contact, used to teach form blocking, form tackling and shed techniques is not considered to be physical contact.

K. **Football Recovery Period:** Recovery period is defined as the time between the end of one practice or walk-thru and the beginning of the next practice or walk-thru. During these times athletes should rest in a cool environment (65-80 degrees F), with no sport or conditioning-related activity permitted. Team meetings and video may be part of this recovery period if conducted in a cool environment.

**BOARD POLICY DEFINITIONS FOR SUMMER FOOTBALL PRACTICE RESTRICTIONS**

1. **Introduction:** While there is much more to learn about safety and risk management for football, there is a growing body of knowledge in regard to safety and steps that can be taken to reduce the risk of injury and the long term, negative effect, on participants. Acclimatization to heat, equipment and contact is important, as are limitations on the amount of head impact exposures. Rest is also important for both conditioning and brain safety. The following policy has been developed with the intent to keep student athletes safe, while allowing coaches the opportunity to use the summer waiver period to teach football techniques and fundamentals that will assist their players in playing the game safely.

2. **Policy:** The intent of practices in the summer is for the development of individual skills and techniques, with limited contact and physical conditioning. When scheduling and conducting practices, consideration must be given for the weather conditions (heat index).

A. **Contact Practice:**
   (i) Only allowed after a minimum of:
      • One day of practice with only helmets and mouth guards, followed by:
      • Two days of practice with shoulder pads and helmets, followed by:
      • One day of practice with full pads.
   (ii) These four days do not have to be consecutive, but, if more than three consecutive days pass without a practice as defined above, a new four-day acclimatization period is required before a contact practice can be held.
   (iii) After this initial acclimatization period, practices do not need to be consecutive days, but if more than four consecutive days pass without a practice a new four-day acclimatization period is required before a contact practice can be held. Re-acclimatization is not necessary if there are no contact practices and practices do not include heavy conditioning.

B. **Number of Practices:** During the Summer Coaching Waiver period (June and July) an individual or team may not participate in more than eleven days of practice as defined above, with no more than four practices may be a “Contact Practice” (as defined above). Days and practices at a team camp count toward these limits.

C. **Length of Practice:**
   (i) During the summer waiver period, a practice, as defined above, is:
      • Restricted to 2 hours or less for each individual player. *
      • A second practice or training session of 2 hours or less may be held in the same day, but there must be at least a 2

*Continued on Page 42
hour recovery period between practices.

- No more than one practice per day may be a “Contact Practice.”
- A contact practice may not be conducted on consecutive days.
- If two practices are held in one day, only one practice may be held the next day if practices are conducted on consecutive days.
- Up to one additional hour per day can be spent in video sessions and/or team meetings.
- A student may not participate in more than a total of 5 hours of practice, team meetings, video sessions, or other type of training in one day.
- Individuals or teams may conduct a single practice up to four hours in length if the following criteria is met:
  - Full pads are not worn for more than 30 minutes; shoulder pads and helmets not more than 2 hours.
  - There is a minimum of 30 minutes of recovery for any practice that is longer than 2 hours (this must be done in segments of at least 10 minutes (3 breaks of 10 minutes each or 2 breaks of 15 minutes each).
  - No Thud or Live Action.
  - No heavy conditioning.
  - Focus is on teaching skills and fundamentals.

Note: At team camps, run by colleges or universities, with two or three consecutive days of practice, players may participate in practices per day (with two-hour recovery period) and a total of 4 practices with contact (“thud” or “live action”). These practices count towards the summer limitations for days and number of contact practices. A third practice (after a recovery period) may be held for walk-thru and/or 7 on 7. During the third practice no pads other than helmets, no contact, and no heavy conditioning.

(ii) 7 on 7 – can be conducted (with no pads or with helmets only) with no physical contact. 7 on 7 practices count toward the eleven day limit, and both practices and competitions will count toward the two practice per day limit. Days on which there is 7 on 7 competitions only (organized leagues or tournaments with teams from other schools) do not count toward the eleven day limit.

3. Definitions:
   
   A. Practice is defined as the period of time a participant engages in coach-supervised, school approved, sport or conditioning-related physical activity, including stretching, running, conditioning or physical training in the skills and fundamentals. Strength training and team meetings or video sessions do not count as a practice for the purpose of this policy.
   
   B. Levels of Contact as defined by USA Football. Levels of Contact focuses on varying intensity levels throughout practices, to build player confidence, ensure their safety and prevent both physical and mental exhaustion. Six intensity levels are used to introduce players to practice drills which position them to master the fundamentals and increase skill development.
   
   (i) AIR: Intensity = 0. Players run a drill unopposed without contact.
   
   (ii) BAGS: Intensity = 1. Drill is run against a bag or another soft-contact surface.
   
   (iii) CONTROL: Intensity = 2. Drill is run at assigned speed until the moment of contact; one player is pre-determined the ‘winner’ by the coach. Contact remains above the waist and players stay on their feet when involved with contact.
   
   (iv) RESTRICTED CONTACT: Intensity = 3. Teaching safe & proper techniques (block, shed, tackle) involving shoulder pads, and wearing helmets for protection. Contact above the hips only with hands, shoulders and chest. Keep the head up! Use quick whistle; no gang-tackling or cut blocking/tackling. Players stay on their feet when involved with contact.
   
   (v) THUD: Intensity = 4. Drill is run at assigned speed through the moment of contact; no pre-determined “winner.” Contact remains above the waist, players stay on their feet and a quick whistle ends the drill.
   
   (vi) LIVE ACTION: Intensity = 5. Drill or scrimmage is run in game-like conditions and is the only time that players are taken to the ground.
   
   C. Contact Practice is defined as a practice during which drills and/or team work includes “Thud” or “Live Action,” as described above. There are no restrictions on “Air,” “Bags,” “Control,” and “Restricted Contact.” The Contact portion of this practice may not exceed 30 minutes.
   
   D. Recovery Period is defined as the time between the end of one practice and the beginning of the next practice. During this time athletes shall rest in a cool environment (60-80 degrees F) with no sport or conditioning-related activity permitted. Team meetings and video may be part of this recovery period if conducted in a cool environment.

4. Penalty: Penalties will be dependent upon the seriousness of the offense and can include, but are not limited to: censorship of the Head Coach, suspension of the coach or other staff members from coaching one or more games, or suspension from the post-season.

1. **Q.** May a student on a cross country or track team compete in a 1/2 marathon, marathon, fun run, road race, or a race for a cause, e.g., Race for the Cure, during the season?
