

# MINNESOTA STATE HIGH SCHOOL LEAGUE

---

## Multiple Level Teams at Sub-Varsity Level

For the purpose of providing opportunities for player participation, schools with sufficient numbers may sponsor more than one team at the sub-varsity level. For example, a school with 100 sophomores out for the B-Squad program may sponsor 2 B-Squad teams. Each B-Squad team may schedule and play the same number of games scheduled by the school's Varsity team. Schools shall not sponsor more than one varsity team nor schedule more varsity games than the maximum number of games allowed for that sport. All player participation limits, daily and season, shall be strictly applied.
