The Region 5AA Committee has compiled this handbook to provide school personnel and others with the policies and regulations used to govern region-sponsored activities. Much of the content is based on rules and regulations governing regional activities as found in the official handbook of the Minnesota State High School League. It is intended that this handbook will serve as a guide and be helpful to those directly involved with the activities of Region 5AA. Please review the monthly minutes of Region 5AA for all additions/changes/corrections in the operation of Region 5AA activities and the Minnesota State High School League website [www.mshsl.org](http://www.mshsl.org) to view policies, scheduled events, history and past champions.

# **MSHSL Region 5AA Policy on Public Comments for Region Meetings**

The business of the Region shall be conducted at meetings of the Region Committee. Meetings of the Region Committee are open to the public. Persons interested in speaking to an agenda item must contact the Region Executive Secretary prior to the meeting and indicate the topic they wish to address. The Executive Secretary and Region Committee Chairperson shall determine whether the public comment is relevant to the agenda. The public comment section will be at the beginning of the agenda for each meeting. Public speakers will be called upon during this section of the agenda.

## **Guidelines for Public Comments at Region 5AA Meetings**

- Each topic is allowed approximately five minutes for a presentation.
- When there are many topics to be heard, the time limit may be shortened.
- Undue interruption or other interference with the orderly conduct of Region business will not be allowed.
- Defamatory, abusive or demeaning remarks are out of order.
- Committee members may question a speaker or comment in response to the speaker's remarks.

### **Rationale:**

Because it is in the best interest of the Region Committee to conduct business in an efficient manner, the Committee seeks to provide a procedure for people who may choose to comment on agenda items under consideration during the scheduled Region Committee meeting.

The above policy is consistent with the Open Meeting Law, meets the needs of the public, and allows the Region to conduct business in a timely manner.

RESOLVE: In Region and Section Tournaments, a school forfeiting a contest, for whatever reason, will be assessed a fair portion of costs incurred for that activity.

## XII FORFEITURE BEFORE SEEDING/AFTER SEEDING

The Region Committee adopted the following Forfeiture Policy based on 5 scenarios: 03/09/2010

**(Note: All seeding should be based on tournament team strength.)**

1. A team forfeits regular season games before seeding takes place.
  2. A team forfeits regular season games after seeding takes place.
  3. A team forfeits the right to participate in the tournament after seeding takes place.
  4. A team is added to the tournament after seeding takes place.
  5. A significant number of players are declared ineligible for the tournament after seeding takes place.
- 
1. If seeding is on a point basis, a head-to-head meeting to rate teams based on tournament team strength.
  2. No change in seeds due to game planning factors such as dates, locations, transportation, officials, film exchange, etc.
  3. The tournament manager will assign new seeds by deleting the team that forfeited and adjusting other seeds accordingly, i.e. #1 will receive a bye in an 8-team tournament and the other teams move up.
  4. The tournament manager will assign the new teams to a seed based on point system or season record. The other seeds area adjusted accordingly with schedule/site based on the new seeding.
  5. No change in seeds since this situation could be very similar to teams with many injured and/or ill players.

## XIII SEEDING POLICY

When seeding for section tournaments at the discretion of the Region Committee the Section must adopt one of the following seeding systems. With either Face to Face or Electronic, there should be criteria established by which coaches are to rank the teams.

**Face to Face:** Coaches must meet at one location, share information and vote on the placement. This may be used when schools are located in close proximity to each other. When seeding face to face it is highly recommended that if the coaches' vote, the high and the low is thrown out. If there is a tie, the first tie breaker is Head to Head competition. If that does not break the tie, a coin flip is used to break the tie. All rankings are shared so that all coaches can see how each school seeded each of the other schools.

**Electronic:** Coaches contact a meeting via conference call where they share information about their teams – or that information is shared electronically. Coaches then vote electronically by using the same system as used by the MSHSL for State Tournaments. Each coach ranks all of the schools in the section except their own. One high score and one low score is thrown out. Points are totaled and the lowest total is the seed, etc. If there is a tie, the first tie breaker is Head to Head competition. If that does not break the tie, a coin flip is used to break the tie. All rankings are shared so that all coaches can see how each school seeded each of the other schools.

**Point System:** All seeding may be conducted by the MSHSL point system. This point system will give a school points for victories based on the size of school of the opponent and the season record of the opponent – the point system automatically seeds the teams and will be found on the following website: [minnestoa-scores.net](http://minnestoa-scores.net). If there is a tie, the first tie breaker is Head to Head competition. If still tied, the next tie breaker is section winning percentage; followed by overall winning percentage. If still tied, a coin flip is used to break the tie.

## XIV CONCESSIONS/MERCHANDISE

- The tournament manager shall be responsible to determine concessions/merchandise arrangements with the host site.

- All merchandise other than school approved food, beverage, and merchandise normally sold in the concessions stands for sale at Regions 5AA Section events must be approved by the Region Committee/Tournament Manager and must meet MSHSL sportsmanship and code of conduct guidelines (see complete policy on the MSHSL website)

## **XV CELL PHONES & SIMILAR DEVICES WITH CAMERA CAPABILITY**

Cell phones and similar devices with camera capability are prohibited in any MSHSL dressing room. It is the responsibility of the school administration/activity director/director/coach to inform students about the restriction prior to the competition and to direct students to leave their cell phone outside any dressing room facility.

## **XVI SECURITY CHECK**

All purses, bags, and brief cases are subject to search at all Region 5AA events.

## **XVII POLICY ON PUBLIC COMMENTS AT REGION COMMITTEE MEETINGS**

The business of Region 5AA of the Minnesota State High School League shall be conducted at meetings of the Region 5AA Executive Committee. Meetings of the Executive Committee are open to the public. The public is invited to attend and may give input at the discretion of the Committee. The Committee's agenda may include time for public comment. ### **The following guidelines have been established for comments at Region meetings:**

## Classification Policy

1. Every 2 years we reclassify and resection teams for post-season play.
2. Schools submit enrollment and free and reduced lunch data to the MDE on October 1.
3. Schools who believe they meet the 50% Free and Reduced Lunch threshold can appeal to be lowered a class in one or more team activities.
  - a. The AD Advisory Committee listens to these schools and reviews documentation submitted by each school and decides on each request separately.
  - b. The MSHSL Board of Directors has the ultimate approval/denial of each request.
4. Schools have the option to play a higher classification (opt-up) and we asked them to tell us specifically what class they would like to play in.
5. The MDE releases a report in early February with enrollment and FRL data for every school.
6. Enrollments and FRL data is calculated for every school and that result is the school's enrollment figure for classification.
  - a. 200 on free and reduced lunch, your total is 920.
7. Using the method to determine classification for each activity schools are ranked in order of enrollment and cut-offs are drawn. (Opt-up) and Lower Classification requests are included.
8. Dots are placed on the map to draw sections
  - a. Teams not changing class start in their previous section
  - b. We place schools new to that class and figure out where they best fit geographically.
  - c. We look to numerically balance the sections but moving those on the edges to other sections.
  - d. We move as few teams as possible
  - e. Direct lines between schools in a section should cross through another section.
9. Once sections are released, only those schools initiating a change (new coop, dissolving a coop, adding a sport, dropping a sport) will be moved. At this point no schools will be moved to balance the sections.
10. Every 4 cycles we start from scratch to tighten up the sections as best we can.
  - a. 2015-16, 2016-17 will be a "start from scratch" classification
