FOOTBALL

STATE QUARTERFINALS

November 9-11, 2023

Held at Statewide Minnesota Sites

WELCOME

to the **CELEBRATION** of **CHAMPIONS**

Welcome to the 2023-2024 Minnesota State High School League State Tournament!

It is an honor to extend my warmest greetings to all participants and attendees. This tournament is a celebration of remarkable talent, dedication, and sportsmanship. As our students step into competition, remember that all of us represent our schools and embody the spirit of unity and friendly competition that makes this event so special.

Throughout the tournament, let the values of respect, perseverance, and fair play guide your actions. Cherish the friendships formed as participant or spectator, learn from the challenges faced, and relish every moment of this exhilarating experience.

On behalf of the Minnesota State High School League and our entire community, I wish you the best of luck. May this tournament be filled with unforgettable memories and exceptional achievements. Compete with passion, compete with integrity, and make us all proud.

Once again, welcome to the Minnesota State High School League State Tournament. Let the contests begin and may the spirit of sportsmanship and camaraderie shine brightly throughout this event. I wish all participants the very best, and may your journey be marked with determination, resilience, and the joy of competition.

James A. Smokrovich

Jim Smokrovich, President
MSHSL Board of Directors

MISSION STATEMENT

The Minnesota State High School League is a non-profit, voluntary association of public and private schools with a history of service to Minnesota youth since 1916. Its mission is to provide educational opportunities through interscholastic athletic and fine arts programs for students and leadership and support for member schools.

FR? NO DAIRY?

THAT'S NOT SUSTAINABLE.

SO DAIRY IS BECOMING

MORE SUSTAINABLE.

"Mad props to dairy farmers who reduced their **C** footprint by

19%

between 2007 & 2017."

"Here for it."

"Dairy farmers used

30%

less water between 2007-2017!"

"Milk travels only

300 miles

from the farm to the store! How's that for a light footprint?"

"Dairy farmers are putting in the work to achieve greenhouse gas (GHG)

neu- trality 

by 2050. **Huge**"

Don't take our word for it. Do your own research.
