

MINNESOTA STATE HIGH SCHOOL LEAGUE

With the construction of the new arena and facilities – the University of St. Thomas wanted to pass along additional information for spectators to park. Other than the options listed in the spectator guide, below is a map that shows Morrison R2 & R3, where guests could also park. The parking is a little bit tucked away, compared to the ramp. The gates will be open, so spectators will be able to pull in and park at any open stall.
